05

Boost your career prospects by gaining the language skills that employers value in today's competitive job market..

Master essential business vocabulary and expressions that are frequently used in international companies and enhance your cross-cultural awareness, so you can work smoothly with colleagues and clients from different backgrounds...

02

Strengthen your presentation skills so that you can deliver ideas persuasively and effectively.

04

Course Session Overview

Professional Introductions & Networking

Practical : Building Strong Organizations

This session introduces participants to the importance of professional introductions and networking as essential skills for personal and organizational growth. Learners will practice presenting themselves effectively, building meaningful connections, and understanding how strong networks contribute to resilient and successful organizations. The session blends theory with practical activities to ensure participants can confidently apply networking strategies in real-life professional contexts.

A photograph of three professionals in a modern office setting. A man with glasses is in the foreground, looking towards a woman and another man who are seated across from him. They are all looking at a laptop screen. The background shows large windows with a view of a city.

Professional Introductions & Networking

- Use persuasive language and techniques to influence outcomes positively.
- Handle objections and conflicts constructively in professional discussions.
- Recognize cultural factors affecting negotiation in global markets.
- Demonstrate strategies for competing successfully in international business environments...

Emotional Intelligence at Work

Practical : Inspiring Leadership & Management Styles

In today's workplace, technical skills are not enough. What truly separates successful professionals is the ability to understand emotions — both their own and others'. Emotional Intelligence is the foundation of effective communication, teamwork, and problem-solving. When we can manage our reactions, read people accurately, and build strong relationships, we become more confident, more collaborative, and more successful. In this session, we will explore how EI strengthens your performance and transforms the way you work with others

Emotional Intelligence at Work Practical : Inspiring Leadership & Management Styles

Aims:

By the end of this session, students will:

1. Explore different leadership styles and how EI influences each one.
2. Learn the four main components of EI and how they affect communication and teamwork.
3. Recognize common emotional triggers and learn strategies to manage them professionally.
4. Improve their ability to manage emotions, show empathy, and communicate clearly in leadership situations.

Learning Outcomes:

(By the end of the session, participants will be able to):

- Recognize different leadership styles (e.g., supportive, directive, coaching, democratic) and understand when each one is useful.
- Demonstrate EI-based leadership skills in short scenarios or role plays (e.g., team conflict, poor performance, change at work).
- Demonstrate emotional control in workplace examples (pressure, conflict, criticism).
- Use EI language such as empathy phrases, calm responses, and polite clarification.
- Show improved interpersonal skills when working in pairs or groups.
- Reflect on their own style and identify which leadership behaviours they want to develop.

Problem Solving & Crisis Management Practical : Winning Through Competition

This session equips participants with tools to analyze problems, make sound decisions under pressure, and manage crises effectively. Learners will practice structured approaches to problem solving and explore strategies for staying calm and effective in challenging situations. The practical component connects these skills to business competition, showing how strong problem-solving and crisis management capabilities enable organizations to outperform competitors and secure long-term success.

Problem Solving & Crisis Management

Practical : Winning Through Competition

Aims:

1. To develop participants' ability to identify, analyze, and solve problems systematically.
2. To strengthen decision-making and resilience in crisis situations.
3. To introduce strategies for effective communication and leadership during crises.
4. To connect problem-solving and crisis management skills with achieving competitive advantage.

Learning Outcomes:

(By the end of the session, participants will be able to):

- Apply structured methods to solve business problems efficiently.
- Manage crises with confidence, clarity, and professionalism.
- Communicate effectively with stakeholders during high-pressure situations.
- Recognize how strong problem-solving contributes to winning in competitive markets.
- Demonstrate strategies that turn challenges into opportunities for growth and success.

Final Presentations & Course Wrap-Up Practical : Business Ethics & Corporate Responsibility

This session concludes the course by allowing participants to deliver final presentations that showcase the skills and knowledge they have gained. Learners will reflect on their progress, share key takeaways, and receive feedback. The practical component emphasizes business ethics and corporate responsibility, underlining the importance of integrity, accountability, and sustainability in professional practice and organizational success.

Final Presentations & Course Wrap-Up Practical : Business Ethics & Corporate Responsibility

Aims:

1. To provide participants the opportunity to demonstrate their learning through final presentations.
2. To consolidate key skills developed during the course.
3. To foster reflection on individual growth and group learning.
4. To introduce principles of business ethics and corporate responsibility as essential to long-term success.

Learning Outcomes:

(By the end of the session, participants will be able to):

- Deliver a structured and confident final presentation.
- Reflect on their learning journey and identify areas for future growth.
- Apply feedback to strengthen their professional communication skills.
- Recognize the role of ethics and corporate responsibility in modern business.
- Demonstrate an understanding of how ethical practices support trust, reputation, and sustainability.

Course Tasks & Homework

In this course, students will be given regular tasks to support their learning and ensure steady progress, these tasks are designed to keep students engaged, provide regular practice, and track their progress effectively..

01

Task

After each session, students will have a project and a homework

02

Task

Reflections are required after every session and should also be submitted within 24 hours.

03

Task

Weekly Review Sheets must be completed and emailed to us 24 hours before the following week begins..

04

Task

After each session, students will take a 30-question exam to assess understanding and track progress.

The Intensity of the Course

Why is it intensive?

This course is designed to be intensive because we want you to make real progress in just five weeks. That means you'll study a lot, practice through homework, assignments, and reflections, and challenge yourself each week. It may feel demanding at times, but this intensity is what will help you grow faster, build confidence, and develop professional skills that last. Your effort and commitment are what will make the difference.”.

The next 5 weeks will be intensive

- 1. You will study a lot and work on multiple tasks.
- 2. Expect homework, assignments, reflections, and reviews each week.
- 3. The goal is to push your skills to the next level in a short time.
- 4. Your commitment and consistency are the keys to success.

Study Tips & Time Management

Dedicate at least 5–7 hours weekly outside of class for tasks & reflections.

Break tasks into small daily goals instead of leaving them for the last minute.

Use your weekly review sheet to stay on track and adjust..

Minimize distractions during study time (turn off notifications).

Ask questions early — don't wait until you're stuck.

Motivation & Mindset

FAQ – Common Questions & Answers

1. Is the course online or offline?

→ The course can be delivered both online and offline, depending on the group's needs. Details will be shared before the start..

2. How many students are in each group?

→ Each group has 8–12 students. This number is ideal because it's small enough for individual attention, but large enough for interactive activities, teamwork, and diverse perspectives..

3. What is the refund policy?

→ Full refund if requested 48 hours before the course begins.
→ 50% refund if requested before the third session.
→ No refund after the third session..

4. What kind of tasks will we do?

→ You will complete assignments, projects, and reflection tasks designed to help you apply the skills learned in class.

5. Is there homework?

→ Yes. Homework is given after each sessions to reinforce learning and practice skills outside the classroom..

FAQ – Common Questions & Answers

6. What are reflection sheets?

→ At the end of each session, you'll write a short reflection about what you learned and what you can improve. This helps track your progress.

7. Will I receive feedback?

→ Yes. After tasks and reflections, you will receive a Feedback Sheet with notes on your strengths, areas to improve, and suggestions for next steps.

B+

9. How intensive is the course?

→ The course is 5 weeks long and intensive. You'll study a lot, complete assignments, and engage in interactive sessions. Commitment is key.

8. What English level do I need to join the course?

→ A B1+ (intermediate) level or higher is recommended, so you can actively participate in discussions, tasks, and presentations.

10. Will I get a certificate?

→ Yes. Students who complete the course and all required tasks will receive a certificate of participation and achievement.
