2026 EDITION

mrmarionenglishtrainer.com

English should move with your life—and your career.

MET provides practical English training for professionals, job seekers, and ambitious learners. Every program is built around communication, guided practice, personal feedback, and measurable progress.

01 Business English

Workplace communication for meetings, emails, presentations, negotiations, and professional confidence.

02 American English Conversation

A six-level journey for natural everyday communication, accuracy, pronunciation, and fluency.

03 Private Training

One-to-one Business English or Conversation training focused entirely on the learner's goals.

Communicate clearly. Sound professional. Get results.

MET
